## Sole Manufacturer Attestation

The AMXD<sup>®</sup> and AMXDmax<sup>®</sup> and the supplies are manufactured in the United States by Omni.

All materials used in the manufacturing of the AMXD<sup>®</sup> and AMXDmax<sup>®</sup> and the supplies are sourced in the USA.

Omni certifies that all the materials used in the manufacture of the AMXDmax<sup>®</sup> and supplies are Berry compliant.

The US Air Force certified the AMXD<sup>®</sup> and all of its supplies as Berry Compliant in 2006 and the AMXDmax<sup>®</sup> is manufactured with the same materials from the same sources.

Omni Measurement Systems, Inc DBA Omni Medical Systems, Inc. is the sole manufacturer of the Advanced Mission Extender Device, marketed under the names of AMXD<sup>®</sup> and AMXDmax<sup>®</sup>. The AMXD<sup>®</sup> and AMXDmax<sup>®</sup> products use innovative patented sensor driven, hands free technology to pull urine away from the skin. The unique control system and collection mechanisms can safely and securely be worn under flight suits.

The AMXD<sup>®</sup> is certified Safe to Fly by the United States Air Force since 2006.

The AMXDmax<sup>®</sup> is certified Safe To Fly by the US Navy and US Marine Corps since August 2013.

The AMXDmax<sup>®</sup> is certified Safe To Fly by the US Air Force since February 2014.

Omni Measurement Systems, Inc and Omni Medical Systems, Inc. are the sole source licensees for the following seven US patents and other Omni owned trade secrets that protect the product from being manufactured, distributed or sold by another vendor:

US 7866942  
US 7335189  
US 7141043  
US 7135012  
US 7131964  
US 6918899  
US 6706027
